## BRITISH CAPTURE GUNS, FRENCH HOLDING FIRM, AMERICANS IN FIGHTING

PARIS, April 3.—The eighth long range bombardment of Par. is began at 10:10 o'clock yesterday when a projectile exploded in the region of the city.

LISBON, April 3.—Benito Cacilro a Portuguese engineer is said by the Secolo to have invented a gun which will throw a shell 90 miles.

PARIS April 2;—French and British troops advanced last night between the Somme and Demuin, it is announced officially. Over most of the front between the Somme and the Olse the night was relatively calm. Heavy artillery fighting occurred at some points.

LONDON April 3;—In the sector between the Avre and Luce Rivers the British took fifty prisoners, the war office announces. Thirty machine guns were captured.

Near Hebuterne the British made a successful attack, capturing machine guns and prisoners. A German counter-attack was repulsed.

The statement follows:

"In the course of the fighting yesterday in the area between the Avre and the Luce Rivers we captured fifty prisoners and thirteen machineguns. A large number of German dead were found on the ground in this locality by us, and two counter attacks attempted by the enemy later in the day were broken up with heavy losses by our artillery. A German battery in action in this area was successfully engaged at short range and silenced by our machineguns.

"A successful local enterprise carried out by us in the neighborhood of Hebuterne, resulted in the capture of 73 prisoners and three machineguns. Many Germans were killed in this operation also and a hostile counter-attack during the afternoon was completely repulsed.

"On the remainder of the front successful raids, in which we secured several prisoners and killed a number of the enemy, were carried out in the neighborhood of Achieville and Hollebeke."

AMERICAN ARMY IN FRANCE, April 3:— Definite offical announcement that American troops will actually fight side by side with the French and British in northern France has reached the American troops in Paris. It was greeted with cheering orders to proceed toward the plains of Picardy were received from the French high command three days ago, but until it was officially announced no mention could be made of it.

LONDON, April 1.—The German attack along the Scarpe River on March 28 had as its objective the city of Arras and the formidable Vimy Ridge. Their plans were laid to carry out this ambition and the attack was supported by a very heavy assault south and southwest of Arras, units of at least eleven German divisions being employed here.

It may be seen, therefore that the German plans were far-reaching, but the main result they achieved was to swell the already great total of their casualties.

At about three o'clock in the morning of the 28th the German artillery of all calibre opened a terrific bombardment against the the enemy intended to attack and at 6:40 the British gunners unloosed an avalanche of steel assembly the Germans might be using. Shortly after seven o'clock against every known place of as- the enemy advanced. They came forward slowly and deliberately in full marching order. Each infantryman carried rations for six days, two blankets and an extra pair of boots, indicating that the attack was in deadly earnest. The company commanders were mounted and the infantry was followed closely by the artillery.

On the extreme north the storm centre lay between Gavrelle and Oppy, the Germans pivoting on Oppy. The Germans lost terribly in the heavy fighting which lasted all day, during which the British fell back to a line between Bailleu and Willerval. The German attacks against these positions were futile.

Elsewhere north of the river the British stood their ground and pushed forward slightly Friday and Saturday.

South of the Scarpe the Germans were held up for a time by a division which had been engaged against them for the previous week. After the first day the division retired somewhat and later was compelled to fall back behind Neuville-Vitasse on account of pressure to the south.

### CHURCH SERVICES

St. Thomas Church of England Sunday April 7th, 1st after Easter 11 a. m.—Matins, 2.30 Sunday School, 7.30—Evensong. Preacher —The Vicar.

Thursday April 4th, 7.30 p. m. Litany and address. 8 p. m. choir practice.

St. Patricks, Heath Sunday April 7th, 1st after Easter. 2.30 Sunday School. 3 p. m. Evensong Preacher—The Vicar.

"The Springtime of the Soul," and "The New Religion" will be the subjects of the sermons at Grace Methodist Church next Sunday. The pastor, Rev. R. K. Swenerton, will preach. ### MARRIED

Mr. George Edward Parkinson and Mrs. Adelaide English of Ribstone were united in marriage Tuesday evening, March 26th. The ceremony was performed by Rev. R. K. Swenerton at his residence.

Miss Scott is attending the teachers convention this week.

Mrs. J. A. Little returned Sunday from a short visit with her sister Mrs. Robert Williamson, Edmonton.

Miss Henry returned from the Capital yesterday, after accompanying little Helen Wanless to the General Hospital.

C. J. Mitchell, formerly station agent here, was in town last week straightening up business affairs before leaving for the coast where he expects to make his home.

A carload of Ford cars was received for O. J. Elder local dealer for this district last week, in the shipment was a Sedan for one of our prominent business men. Watch Wainwright grow.

Thos. Crampton has purcased a "Go-Bubble" and has opened up a livery business. If you need a car for pleasure or business phone No. 73, and we will be at your service.

W. S. Goulet left today for Ottawa where he has been called by the Minister of Militia on important business regarding an invention which Mr. Goulet has worked on for the past six months A full epot of the visit will appear in these columns at a later date.

Posters are being issued from the Star Office announcing a Big Concert and Dance under the patronage of the Great War Veterans Association to be held in the Elite Theatre on the evening of Friday April 12th. A good time is assured.

Men we sell Mechanics Overalls and Strider shoes. Fraser & Co. —a.

Mrs. Goard and children left for Edmonton on Monday to join her husband, who has accepted a position with JJackson Bros' Jewellery. They expect to make Edmonton their home for the present.

H. A. Cook, of the Imperial Lumber Co. returned from Calgary Spring Show yesterday where he has been for the past week. While there Mr. Cook purchased a number of fine cattle which he will place on his farm north of town.

## LITTLE WANLESS GIRL SERIOUSLY HURT BY FRIGHTENED HORSES

An accident which might have resulted in a fatality occurred last Saturday evening about six o'clock when little Helen Wanless, aged four received injuries to the head and fingers of the right hand which will lay her up for some considerable time.

From what can be learned, it appears that Helen and her playmates little Musson Mills and Alice Dupre were playing on the private crossing of the Wainwright Dray and Transfer which is used as an entry to their barns. One of the daymen was about to approach the crossing with his team after a day's work when the horses became frightened of a passing auto and made a dash for their stable, and before Helen could get out of their way she was knocked down and tramped on by one of the horses, she was immediately picked up by the drayman and carried to her home and a local doctor summoned. It was found that she had received a large gash in the head and her fingers were badly cut, after attending to the wounds she was rushed to an Edmonton hospital and an operation performed the following morning, when it was discovered that she was suffering from a fractured skull, and part of it pressing against the brain. At the time of going to press we are glad to say reached us that Helen is out of danger and that she is resting much easier today.

Do you want childrens shoes see Frasers stock.—a.

Miss Bessie Borden of Heath joined the host of teachers en route to the convention on Mon. evening.

Mrs. Geo. Wanless left Sunday night for Edmonton to be at the bedside of her daughter Helen, who met with the accident last week-end.

Mrs. A. D. Ferguson and little daughter Verda were visitors to the capital this week returning home today.

J. C. Smallwood, who for some time acted as editor of the Wainwright Star, has resigned his position and left for Vermilion last Sunday.

Silks, foulards lassor figured ponge, tafferta, shaunting in a variety of colors. Just opened up. Fraser & Co. —a.

The Local Red Cross Society acknowledge receipt of $185.50, proceeds of a rafle on a calf and dance given by the Battleview Society.

Miss Helen Mitchell and Miss Merle Mabey of the Merchants Bank staff at Edgerton spent the Easter Holidays with their parents in town, and returned to Edgerton Monday.

Rev. James, at one time pastor of St. Andrews Church passed through town from Chauvin on his way to Edmonton where he intends making his home in the future.

The regular meeting of Adeline Rebekah Lodge will be held in their lodge rooms tomorrow night (Thursday). A full attendance is requested. At this meeting the degree captain will give the team its first practice.

## LOCAL DELEGATES TO ATTEND GIRLS CONFERENCE IN CITY

At special meetings held last week, delegates and leaders have been appointed by the different churches and schools to attend the Girls Conference to be held in Edmonton on April 12th to 14th.

The School Board is represented by Miss Lily Simmons; the School, Miss Faith Douglas; the Methodist Sunday School, Miss Ruth Douglas; the Presbyterian Sunday School, Miss Hazel Brunker; the Anglican Sunday School, Miss Aileen Pecknold, the Anglican Church Helpers, Miss Margaret Tunney; The Mizaph Circle, Miss Martha Dahlgren and Miss Dorothy Bazely; Girls Red Cross Society, Miss Edith Bowen.

## REV THOS. MURPHY BANQUETED ON EVE OF HIS DEPARTURE

A very pleasant and enjoyable banquet was given last Friday evening at the Park Hotel by the members of St. Andrews Church in honor of Rev. Thos. and Mrs. Murphy, the former having served as pastor of St. Andrews Church for the past two years.

Covers were laid for about fifty. The guests included Mr. and Mrs. Murphy; Elders; Manaers and Members of the church. The tables were laden with all kinds of reasonable relishes and was greatly enjoyed by those present.

After the banquet, which was continued for an hour or more, short addresses were given by the guests, after which the gathering broke up about twelve o'clock.

Mr. and Mrs. Murphy left on Tuesday for Edmonton where they expect to make their home for the next two years.

## GOVERNMENT TO PLACE ALL ON EQUAL BASIS

The great crisis through which the world is now passing has served to emphasize among a great many other things the axiom that responsibility is the price of liberty. Because equal privileges are enjoyed by all citizens of Canada, it is the duty of your Government to see, as far as it is able that all are made to bear equal sacrifices, That the Dominion's War Government is not unmindful of its duty in this respect is evidenced from the care that is being taken to ensure the equitable administration of the Military Service Act. Questionnaires are about to be addressed to all exempted men so as to permit of a checking of the decisions in the case of each to the end that uniformity be established in the application of the legislation. These questionnaries must be returned promptly upon penalty of forfeiture of the exemption papers previously granted. Exempted men should notify the registrar of their district of any change of address, as non-receipt will be regarded as constituting failure to return questionnaire, properly filled in as required. The Government is determined that the Military Service Act shall be administered fairly, and in this determination they will have the active support of all followers of democratic ideals.

## PTE. FRED PURGLOVE IN HOSPITAL WITH GUNSHOT WOUNDS

The following letter of information regarding Private Pursglove who left here with a central Alberta Battalion, has been received by the Local Red Cross Society, and only goes to show what valuable services this grand body of workers are rendering at the front. Following is the letter sent from Canadian Red Cross headquarters London.

Dear Madam:—

I beg to inform you that Pte. Frederick Pursglove, 7th Canadians, who is in the Queen Mary's Hospital suffering from gunshot wounds in the left knee, left arm and groin has been visited by one of the Red Cross Workers and she reports that he is getting on well and is walking about with crutches and able to be out.

He will be visited regularly. Should he be in need of any comforts other than those supplied by the hospital, our visitor will let us know and we will send them from our parcel office.

Yours truly
Kathleen Warring

Don't miss the sale of Home cooking in E. L. Cork's store Saturday in aid of St. Thomas' W. A. . . . . .

Miss Pecknold, of Edmonton is visiting her mother and sisters here for a few days.

Mrs. W. S. Brodie accompanied her husband to Edmonton last Monday, where she will visit friends during convention week.

Mrs. J. L. Gerow, returned home today from the General Hospital Edmonton, much improved in health.

Mr. and Mrs. H. Wolfe of Hughenden are visiting Mr. and Mrs. W. Pigeon for a few days.

Miss Josie Anderson, of the Alberta College Edmonton, was among the Easter visitors to Wainwright last week. Miss Anderson returned to the city last night.

Mrs. R. H. Watson, is spending the Easter Holidays with friends in Edmonton.

"Billie" Mills was a business visitor to the Capital last week-end.

Mrs. Brown of Edmonton, visited her daughter Mrs. Russell Smith for a week and returned to her home last Thursday.

Mr. and Mrs. H. V. Fieldhouse, are attending the Spring Horse Show now being held in Edmonton.

Miss Rosebell McKenzie, who has been attending High School at Wainwright, returned to her home in Edmonton last Thursday.

Jas. Clearly, of Camrose has rented the Morton Farm at Battle River and was seen last Saturday moving a complete farming outfit to the farm where he will commence operations at once.

Mrs. A. C. Armstrong who was recently operated on for appendicitis is in the Misercordia Hospital, Edmonton and is making a speedy recovery.

**Relieves Stiff Neck**

When you wake up with a stiff neck or sore muscles, strains or sprains, use Sloan's Liniment. No need to rub; it quickly penetrates to the seat of pain and removes it. Cleaner than mussy plasters or ointments. It does not stain the skin or clog the pores. Always have a bottle handy for rheumatic aches, neuralgia soreness, bruises and lame back. In fact, all external pain.

Generous sized bottles at your druggist.

## Forces Economy in Germany

**Germans Forced to Go in Debt for Food Necessaries**

The high cost of living in Germany is increasing at the rate of 42 per cent. a year, requiring the average German family to go into debt for the necessaries of life. According to figures gathered by the bureau of labor statistics, average expenditures of families having incomes ranging from 100 to 200 marks is 222.05 marks.

Rigid economy is practised everywhere and the average family only spends 26 cents a month for amusements.

Minard's Liniment Cures Dandruff.

"Who was it that said: 'Sweet are the uses of adversity'?" asked the Old Fogey.

"Some pawnbroker, I suppose," replied the grouch.—Kingston Whig.

**HAULING BIGGER LOADS**

without extra spanning is easily accomplished when you use

**MICA AXLE GREASE**

*"Use half as much as any other"*

Axles are rough and porous, causing friction. The mica flakes fill the pores and the grease keeps them there. Mica Grease prevents locked wheels and hot boxes, gives sure relief for unnecessary strain on horses and harness.

**EUREKA HARNESS OIL**

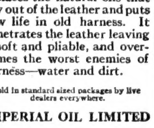
*"Lengthens leather life"*

replaces the natural oils that dry out of the leather and puts new life in old harness. It penetrates the leather leaving it soft and pliable, and overcomes the worst enemies of harness—water and dirt.

Sold in standard sized packages by live dealers everywhere.

IMPERIAL OIL LIMITED

BRANCHES IN ALL CITIES



## Steel Helmets

**Number of Deaths Due to Wounds in the Head Has Decreased**

The plain steel helmet worn by all our Tommies is becoming quite familiar even to people in England. It will surprise most people who have seen these helmets to know that there are no fewer than sixty-four distinct operations necessary in turning out one of them.

The first step is stamping out discs from large sheets of steel. A special machine is used for this purpose, exerting a pressure of 150 tons, and capable of cutting out 5,000 steel discs a day.

Each disc is placed under a shaping machine, which presses the disc into the form of a helmet with a broad rim. Polishing and cutting machines remove all irregularities in the helmet, after which it has holes punched in the crown, some for ventilation purposes, others for fastening on the regimental crest. Each helmet is cleaned and dipped in a special mixture, which makes it a dull, inconspicuous bluish-grey. A lining and leather chin-straps are then fastened on, and the helmet is complete.

Since the French army has been protected with the helmets the number of deaths due to wounds in the head has decreased to a remarkable extent.

---

Mayor Church of Toronto, tells a story of a friend whose stoutness and constant good humor are his chief distinctions. "We happened to be talking on the subject of gastronomy," said the mayor, "and somehow my friend's tremendous girth prompted me to ask him if he followed any set rules to guide him in his eating. 'I have just one rule,' he replied, 'and its a winner. When I sit down to eat I sit six inches or so from the table and when I touch I'm done.'"

## DISEASE COMES THROUGH THE BLOOD

**To Cure Common Ailments the Blood Must be Made Rich and Red**

Nearly all the common diseases that afflict mankind are caused by bad blood-weak, watery blood poisoned by impurities. Bad blood is the cause of headaches and backaches, lumbago and rheumatism, debility and indigestion, neuralgia, sciatica and other nerve troubles. It is bad blood that causes disfiguring skin diseases like eczema, and salt rheum, pimples and eruptions. The severity of the trouble indicates how impure the blood is, and it goes always from bad to worse unless steps are promptly taken to enrich and purify the blood. There is no use trying a different medicine for each disease, for they all come through the one trouble—bad blood. To cure any of these troubles you must get right down to the root of the trouble in the blood. That is just what Dr. Williams' Pink Pills do. They make new, rich red blood. They simply purify and enrich the blood, and the disease disappears. That is why Dr. Williams' Pink Pills have cured thousands of cases after other medicines had failed. Here is proof of the power of Dr. Williams' Pink Pills to cure. Mrs. M. Stills, who resides near the town of Napanee, says: I cannot praise Dr. Williams' Pink Pills too highly. I was very much run down in health, suffered from frequent spells of indigestion, biliousness, and sick headache. I had an almost constant pain in my head and my housework was a source of dread. In fact I felt so miserable that life held but little enjoyment. I was advised to try Dr. Williams' Pink Pills, which I did, and the result was simply marvellous, and can best be summed up by saying that they made me feel like a new woman, and fully restored my health. I would advise every woman and girl who has poor blood, or is run down in health to give these wonderful pills a trial. I am never without them in the house.

At the first sign that the blood is out of order take Dr. Williams' Pink Pills, and note the speedy improvement they make in the appetite, health and spirits. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## Sun Life Leads Canadian Companies

**Notable Expansion Continues to Be Shown by This Reliable Company**

The Sun Life of Canada's published statement of 1917 results, which appears in this issue, is in every sense a satisfactory document. It shows assurances issued and paid for in cash during 1917 for a total of over $47,800,000, the largest amount of new business ever issued and paid for by any Canadian life company in any year. Assurances in force now total over $311,800,000. Assets increased by over $7,000,000 to over $90,000,000, the largest assets ever attained by a Canadian company. Cash income totalled over $19,288,000. Payments to policyholders exceeded $8,800,000, bringing total payments to policyholders since organization to over $69,000,000.

The record of the Sun Life of Canada for 1917 reflects the highest credit upon the Directors and Officers of the Company and should be equally satisfactory to the Company's policyholders.

The new Head Office building on Dominion Square, Montreal, has now been completed and the staff have been installed in their new quarters, where, with the most up-to-date equipment, the work of administering the Company's rapidly-growing business will be carried on with the greatest possible degree of efficiency.

## To Prevent Fire Losses

**Saskatchewan Is to Be a Fire-proof Province**

'An ounce of prevention is worth a pound of cure.' The old proverb is as applicable to the problem of fire waste as it is to scarlet fever, or small pox, or any other disease. Carelessness with fire long ago assumed the proportions of an epidemic in Canada and there are no signs that it is being controlled. In spite of the world shortage of food and the fact that the empire is fighting for its very life, Canada permits to be burned, millions of dollars worth of food and other vital requirements each year. The problem of greater production is of first importance, but not less important is that of conserving products already in existence. By far, the larger percentage of fires occuring in Canada are the direct result of carelessness, which, in time of war at least, should be punished as a criminal offence.

In an effort to stamp out the fire evil in Saskatchewan, the fire commissioner, Mr. Arthur E. Fisher, is carrying out a vigorous campaign to 'make Saskatchewan fireproof.' By means of bulletins, pictures in movie theatres and with the assistance of the press, Mr. Fisher is pointing out the way to ban the fire fiend from that province. Such work, especially in the rural sections of Canada's greatest grain-growing province, will doubtless be the means of saving large quantities of food products from the all too common fate of destruction by fire. The effort is a commendable one and should receive hearty support from every organization and from every person who is able to lend a hand.—A.D.

Minard's Liniment Relieves Neuralgia.

## Civic Hospitals for Alberta

**Plans Now Being Prepared by the Government Architectural Branch**

Plans for the proposed municipal hospitals in Alberta are now being prepared by the government architectural branch, in view of an expected building campaign during the coming season. It has been found somewhat difficult to standardize the hospital buildings because of the difference in local conditions throughout the province, but so far as possible a set of plans of the same general kind will be drawn up and adopted for the use of the municipal districts. They will be ready in good time for any district that wishes to erect its building next spring and summer.

Three sizes of building are proposed, for eight, twelve and sixteen beds respectively. The eight-bed hospital will be a one-storey building and the others will be two stories. It is expected that the requirements of most municipalities will be served by the smaller size, which is estimated to cost complete about $12,000. In addition to the wards there will be an operating room, clinical laboratory, office, and service rooms all coming within a floor space of sixty feet. The building will be of wooden construction, and will be erected by contract.

The first rural hospital to be built under the provisions of the act, and in accordance with the plans now in preparation, will likely be at Didsbury, where local arrangements have already been made for initiating the scheme. A decision has not yet been reached as to what size the Didsbury building will be, but it will probably be of twelve-bed capacity.

---

Miller's Worm Powders not only make the infantile system untenable for worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in they will show improvement as soon as the treatment begins.

## British Tonnage

**Merchant Vessels Built Last Year Aggregated 1,067,696 Tons**

Sir Leo Chiozza Money, ship controller said in the house of commons that 200 British-built merchant vessels of 1,600 tons or over were completed last year. They aggregated 1,067,696 tons.

The net losses of British vessels of 1,600 tons and over during 1917 was 598, involving a loss of 20 per cent. compared with 1916. The actual cargo imported, however, was only about two per cent. less. He gave the following particulars of merchant ships of 1,600 tons and upwards completed during the past three months and brought into service—November, 22 ships of 130,375 tons gross; December, 21 ships of 115,752 tons gross; January, 11 ships of 55,588 tons gross; total, 54 ships of 301,715 tons gross.

Particulars of standard vessels included in the above are:

November, two ships of 9,459 tons gross; December, six ships of 28,931 tons; January, four ships of 20,738 tons gross.

---

**Could Hardly Live for Asthma.** Writes one man who after years of suffering has found complete relief through Dr. J. D. Kellogg's Asthma Remedy. Now he knows how needless has been his suffering. This matchless remedy gives sure help to all afflicted with asthma. Inhaled as smoke or vapor it brings the help so long needed. Every dealer has it or can get it for you from his wholesaler.

---

An elderly farmer hitched his team to a telegraph post.

"Here," exclaimed the policeman, "you can't hitch there!"

"Can't hitch!" shouted the irate farmer. "Well, why have you a sign up, 'Fine for Hitching'?"—Presbyterian Standard.

## Nothing Like It For Bronchitis And Weak Throat

**REMARKABLE CURES IN THE WORST CASES REPORTED DAILY**

**Cures Without Using Drugs**

Doctors now advocate an entirely new method for treating bronchitis and irritable throat. Stomach dosing is no longer necessary.

The most approved treatment consists of a healing vapor resembling the pure air of the Adirondacks.

This soothing vapor is full of germ-destroying substances, and at the same time is a powerful healing agent. It is sent to the bronchial tubes and lungs through a skillfully devised inhaler that can be carried in the vest pocket. Simplicity is the keynote of this splendid treatment.

CATARRHOZONE is the name of this wonderful invention that is daily curing chronic cases of weak throat, bronchitis and catarrh. Every breath through the inhaler is laden with soothing, healing substances that destroy all diseased conditions in the breathing organs. It can't fail to cure because it goes where the trouble really exists, and doesn't attempt to cure an illness in the head or throat by means of medicine taken into the stomach. Catarrhozone is a direct, breathable, scientific cure.

There is no sufferer from a grippy cold or any winter ill, that won't find a cure in Catarrhozone, which is employed by physicians, ministers, lawyers and public men throughout many foreign lands. Large size lasts two months and costs $1.00 and is guaranteed; small size 50c, sample size 25c, all storekeepers and druggists, or the Catarrhozone Co., Kingston, Canada.

## Big Live Stock Trade

**Expect Live Stock Trade to Double During 1918**

The increased production campaign in the Western Provinces is reaching tremendous proportions, says a Winnipeg, Manitoba, despatch. The livestock transactions at the yards in Winnipeg, Calgary and Edmonton for 1917 totalled $60,000,000, or $24,000,000 more than the previous year. The Edmonton district, a representative section, did a business in other lines of livestock of $3,000,000 last year. The co-operation with Washington authorities concerning the free movement of cattle both ways across the line is expected to double the business for the prairie provinces for 1918.

**A Valuable Objective**

Voice from the Distance—"Fall back ye, daft loons! Yon posection is of nae value at a'!"

Chorus of Kitties — "Nae value? Why mon, we've just drapt a saxpence!"

Peevish, pale, restless, and sickly children owe their condition to worms. Mother Graves' Worm Exterminator will relieve them and restore health.

---

Teacher (at object lesson)—So, now, children, you know how a knife is made. I want you, Marjorie, to tell me which is the most important part of a knife.

Marjorie—Er—er—er—

Teacher—Well, I'll help you. What part of his knife does your father use the most?

Marjorie—The corkscrew. — Pearson's.

---

Mr. Styles—Did you get caught in the shower while you were shopping today?

Mrs. Styles—Oh, no. I was in a department store while it rained.

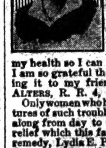
Mr. Styles—But it rained for two hours.

Mrs. Styles—Yes, I know. I was waiting for my change then.—Boston Transcript.

## NOW RAISES 600 CHICKENS

**After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.**

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me.



"I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. Alters, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alters.

Women everywhere in Mrs. Alters' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.

## The Health Diet

**Some Food Facts That are Worth Remembering**

Remember that milk is a good food, one of the most perfectly balanced foods that we have. It is a cheap food. You can get as much food in a quart of milk as you can in a pound of lean beefsteak. It contains many valuable salts which you have to have if you are to live normally.

Remember that water is also important, both internally and externally. It is important to drink plenty of water because it dilutes our food, improves digestion and helps to keep the blood and tissues in good condition.

Remember to drink at least eight glasses of water a day, both between and with meals.

Remember that tea and coffee are stimulants and are bad if used to excess, causing nervousness, indigestion, etc. In addition they are particularly bad for children and are luxuries because they are not food.

Remember that cocoa and chocolate are fairly cheap foods and are quite nutritious; these, of course, are rich, and should be used moderately.

Remember to eat at regular hours and not between meals. Do not eat too fast, masticate your food well.

Remember that dirty, dusty, fly-specked, much-handled food may carry tuberculosis and typhoid fever.

Remember to put covers and screens over food to keep out flies and dust.

Remember to keep milk covered and cold.

Remember not to handle food any more than is necessary, either in the shop or at home.

Remember that the amount of food which you need depends upon the kind of work you are doing; not only the amount, but the right kind of food is important.

Remember, therefore, that the best method is to spend a fair amount of your total income for food.

Remember to buy the right things with the money you spend. Many families do not get enough to eat, not because they do not spend enough money for food, but because they don't get enough food value for the money.

Remember, that bread and cereals (with a reasonable amount of cheaper fats) give the most food value for the money—the more you wish to economize, the more you should spend for these foods.

Remember to have a well-balanced diet, eat bread and cereals freely.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

Sold by Druggists, 75c.
Hall's Family Pills for constipation.

Mrs. Bilton—Weren't you surprised, dear, when your husband gave you such a nice present?

Mrs. Tilton—No; I was suspicious.—Edmonton Bulletin.

**NEW WAY TO REMOVE SORE, ACHING CORNS**

Corn plasters be hanged, they always were troublesome and unsatisfactory. Try the new method! Shrivel up the corn first, get its roots separated from the toe. This you can do mighty quick by painting on Putnam's Corn Extractor. It sure does bring relief—takes away the sting, lifts out the whole corn in a day or two. **Putnam's** will really, surely cure the toughest of corns. Costs but a quarter in any drug store. Get it today.

## French Strong for Boycott

**Germany Cannot Live Without Permission of the Allies**

French opinion is more and more inclined to emphasize the enormous value to the allies of the economic weapon against Germany. Nearly every day there is a call here for a plain statement from the allies as to the manner in which the economic boycott will be used if Germany persists in prolonging the war.

Edmond Laskine, a well-known writer on economics, remarks in Liberte that the allies hold trump cards of which no Ludendorff or Trotszky can deprive them.

"These," he says, "are the mastery of the most important world markets and a monopoly of the most important raw materials. When the German chancellor poses in the Reichstag as the supreme dictator of war and peace, the allies can reply through the voice of their authorities that although Germany may be master of Reval and Riga, the allies are the masters of the world.

"The Germans, can pillage and massacre without our permission, but without that permission they cannot live. Germany must be given to understand that a resumption of normal economic relations depends not only on her accepting the allies' peace terms, but on the date when she accepts them.

"So far as German exports are concerned, the allies ought to prepare a boycotting system of conditional duration. The Germans ought to be told that if they agree to peace within six months their products will be excluded from the allies' markets for five years only; if the war lasts another year our boycott should continue ten years after the signature of peace, and so forth. It would thus be left to Germany herself to decide how long the boycott on her trade would last."

## Will Pay Cost of War

**Great Gain to the World From the Spread of Liquor Prohibition**

Statiticians and experts in economics are estimating the cost of the war, and also reducing to terms of money certain definite compensating factors. In all calculations covering the benefits which will follow the conflict, the chief item is the great gain to the world from the spread of liquor prohibition. Such observers as Ferrero, the famous historian, count this one of the great social revolutions due to the struggle of nations. Estimates differ, of course, as to the actual gain the change will bring to mankind. The most conservative computations run into colossal figures, while among the unemotional investigators there are those who assert that, should prohibition be established in the United States during the war, the economic saving from that source alone, during the life of the next generation, will more than repay the $20,000,000,000 now voted for war purposes.—Philadelphia, North American.

# Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an open stretch. You'll like it, and will be surprised how easily the Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is something good in store for you. It is vastly different from just riding—being a passenger. And especially so if you drive a Ford.

Young boys, girls, women and even grandfathers—thousands of them—are driving Ford cars and enjoying it. A Ford stops and starts in traffic with exceptional ease and smoothness, while on country roads and hills its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

*Military Service Act*

**Important Announcement to All**

# EXEMPTED MEN

**and to the Public Generally**

IN dealing with the very large number of claims for exemption brought forward for consideration in connection with Class 1 under the Military Service Act, it has occurred, as was inevitable, that as a result of false statements and difficulties put in the way of investigation, some individuals have secured exemption whose proper place is in the Army.

It is not the intention of the Government to allow these men to evade permanently their obligation to bear their part in the military defence of the Country and of the ideals for which we are fighting. To do so would defeat the purpose of the Act, and cause grave injustice to men in the second class necessarily called out to fill their places.

**Exemptions Granted on False Grounds**

It is, therefore, proposed to scrutinize carefully all exemptions granted to date in order to separate those which have been granted on false or insufficient grounds from those that are well founded.

With this object in view the various Registrars under the Military Service Act have been instructed to issue a series of questionnaires to exempted men. These questionnaires must be filled up correctly and returned promptly under penalty of forfeiture of exemption for failure to do so.

**Exempted Men Who Have Changed Address**

It is therefore important in their own interest that all exempted men who have changed their address since their exemption was granted and who have not already notified the Registrar of such change should notify him at once. Under the Regulations it is the duty of exempted men to keep the Registrar advised of any change of address, and failure to receive the questionnaire by reason of neglect of this duty must be treated as equivalent to failure to return the questionnaire after receipt.

**Citizens Urged to Assist**

In many instances information has been furnished by members of the public which has led to the cancellation of exemptions obtained by false or misleading statements. Further co-operation of this character is invited. The Government regard it as the Duty of all loyal citizens, not only to the Country, but to the men at the front, to assist in this way in securing reinforcements on a just and legal basis. Correspondence of this character will be treated as strictly confidential and will receive the fullest investigation.

CHARLES J. DOHERTY,
*Minister of Justice.*

Correspondence should be directed to J. M. Carson, Esq., Registrar under the Military Service Act, Calgary, Alta. 402M

# ANNUAL MEETING OF ST THOMAS' CHURCH VERY SUCCESSFUL

The Annual Congregational meeting in connection with St. Thomas' Church of England was held on Easter Monday in the church at 8 p. m.

There was a representative gathering which would have been largely increased, were it not for the unexpected disagreeable change in the weather.

A short service was held after which the Vicar gave an address principally dwelling upon the state of the church and parish.

The minutes of the last Easter meeting were read by the Vestry Clerk, Mr. Lush and were confirmed and signed.

Mr. Pawling handed in his report regarding the church and popperty belonging thereto.

The People's Church Warden, Mr. H. C. Munn had a very pleasing statement to lay before the meeting. It showed great progress in the financial standing during the past year, the church having met all its obligations, some of which were never met before finishing off with a substantial balance to its credit account.

Mrs. McNeill read the report of the W. A. which was highly creditable to that organization.

Miss Dorothy James, had a most gratifying report in connection with the Sunday School, and in reference to this the Vicar said in his opening address:— "You may be justly proud of your Sunday School, it is well in hand and wise and careful instruction is given, one could not say too much of the good self-denying work of Mrs. Lasell, who has built up this school and taken such a large interest in the bigger boys and girls. For her they have a real love and respect, and her name will be for all time associated with this school. She is ably assisted by Miss Denny, whose love and loyalty to this church is an inspiration to all that come beneath her influence. Her good work both in church and Sunday School, and out of it needs no words of mine. She has won for herself the high respect of all in our congregation."

"We also thank the youngest member of our Sunday School staff, Miss Mabel Pecknold who is always willing to help. She not alone provides the musical part—which is a valuable asset—but also teaches a class. She may rest assured of the good will and thanks of our congregation."

Miss Grace Ward, read the report of the "Church Workers" a new organization due to Mrs. Lasell.

Votes of thanks were unanimously passed to the outgoing Church Wardens and Vestry, to Mr. Lush the vestry clerk, to Mr. McNeill the temporary envelope clerk in Mr. Montgomery's place, to the choir associated with it, the names of Mrs. McNeill and Mr. George Long, the President and Ladies of the W. A. to the Sunday School staff and all workers.

The meeting and the reports were the best presented for a long time in the history of St. Thomas' Church.

The following were the results of the annual election:

Vicars' church Warden—H. Y. Pawling.

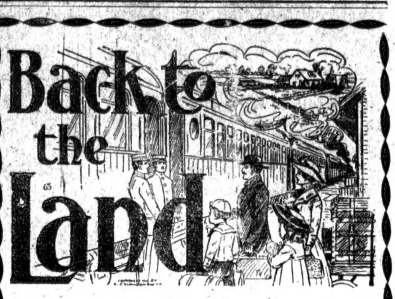
People's church Warden—H. C. Munn.

Lay delegate to Diocesan Synod—H. C. Munn.

Vestry Messrs Lush, Long, Simpson, Fairhead Cardell Smart H. Crampton, Jones McNeill and T. Crampton.

Envelope clerk—W. E. Simpson.

Vestry clerk—Frank Lush.



# Back to the Land

# C.P.R. Land

Farmers in this district have a chance now to get that quarter section of C.P.R. adjoining if they make application at once. The price is unchanged at the present time but in a few weeks we doubt whether you will be able to buy at **$16.50** per acre, It only takes one tenth of the total purchase price to handle a quarter. We charge you nothing but interest for three years.

Why delay, now is the Time

# Pasture Land

It will not be very long until all the land in this district is sold and there will be very little open range. Have you considered making arrangements to pasture your cattle? A quarter section adjoining your farm will be of value to you in future years. This land may be sold in the next few weeks We can help you secure same at the present time. Get our prices.

## CANADIANS MUST PRODUCE

On the eve of the Easter festival, which marks the formal opening of the fateful spring of 1918, Sir Robert Borden has issued a call to the people of Canada, urging greatest possible food production in view of a crisis "grave and urgent beyond possibility of exaggeration." His appeal is as follows:

"The campaign for increased production of foodstuffs now launched by the Canada food board is of the most vital importance to the victory of the allied cause. Because of our geographical position the United Kingdom and the allied nations are depending on Canada for food as never before. Specific suggestions will be issued from time to time by the food board for the guidance of the people, and it is the earnest hope of the government that every citizen will realize his or her personal individual duty to adopt and carry out these suggestions. Mere perfunctory observance will not be enough. The crisis is grave and urgent beyond possibility of exaggeration, and it will only be through an earnest sense of individual responsibility that Canadians will be able in this matter to honor their obligations to their heroic soldiers overseas, who are defending our liberties at a cost beside which any personal inconvenience or discomfort on our part is insignificant."

## COLLECTS SMALL DEBTS

There is at the present time a bill before the provincial legislature, designed to help in the collection of small debts. It gives every justice of peace or police magistrate, jurisdiction over any action of debts, in the judicial district in which he resides, where the amount claimed does not exceed $50.00, and over any action where the amount originally claimed exceeds $50.00, but which has been reduced by payment or abandonment to that sum. It is stipulated that no justice who is or has been interested in any way in the claim for which a summons is issued, or counterclaim made shall take part in the hearing of such claim. Provision is made that any person having such claim may obtain from a justice a summons addressed to the party against whom the claim is alleged.

## WHAT IS GOING TO HAPPEN

The Germans have made a deep salient in the allied line in Northern France, and now the defensive on each flank of the enemy is stiffening. It is evident that the allied commanders do not intend to let the enemy advance in other than a straight line thus lengthening the German salient to a dangerous degree—for them.

There must be more than a few enemy gathered in this salient which is 24 miles deep and 30 miles across. What is going to happen to them? Are they going to remain there, and if not are they going to be able to get back again from whence they came with whole skins?

In every descriptive report that has come from the battlefront thus far, we are assured that the British have been holding their front lines at all times with the lightest possible infantry screen. These defensive troops armed with modern machine guns, hand havoc among the massed Germans, and amply protect the main body of our army in retreat. The inference is that the main body of the allied army has not been in real conflict with the enemy they are being held back for some strategic purpose. What is that purpose. The most unanimous guess thus far seems to be that the purpose is to lure the enemy as far as possible along the straight forward line of a narrow salient and then, with strong forces of Allied troops on either side start a flanking movement that would if it had success, result in the isolation of an immense body of enemy troops and their ultimate capture or annihilation.

## IN THE LEGISLATURE

The Municipal Hail Insurance act will not be operative in North Alberta and will only be in effect in the rest of the province provided at least 45 rural municipalities and local improvement districts vote in favor of it. This is the result of three sittings of the committee of agriculture of the legislature under F. S. Leffingwell, in conference with E. H. Malcolm, president and other officials of the Municipal Hail Board.

The line between the two sections into which the province has been divided is the North Saskatchewan.

# CLEVELAND

# Tractor

Does the work of 12 horses & three men

Labour is scarce, horses are scarce and the Government urges the use of Tractors

If horses and men were plentiful the CLEVELAND would do your work faster and cheaper, and do it better.

With a CLEVELAND you can plow 10 acres or more in a 10 hour day, that's more than you can do with three 4-horse teams and 3 men. Figure the saving.

Water holes; mud holes; soft or solid ground; up hill or down the CLEVELAND works well anywhere, it las its own track like an army tank. It will pull two binders or two drills or two sets of drills and two sets of harrows at the same time.

The CLEVELAND Tractor will drive a 24—40 inch separator fully equipped; pulley is fastened direct to crank shaft, no gears to cause trouble.

The CLEVELAND burns either gasoline or kerosene in fact tests prove that it developes more power on kerosene.

The CLEVELAND is built by manufacturers of the famous White Motor Trucks. Every part is as perfect as science can make it. Hyatt Roller Bearings are used throughout. The motor develops 12 h.p: at the draw bar and 20 h.p. at the pulley. Complete expert and repair service will be available from Wainwright for Clevelands in this district.

Farmers say the CLEVELAND has no superior as a labor saving, money-making device on the farm.

With its aid you can produce more at less cost. That means more grain for the Allies and more money for you. Call and ask for a demonstration.

Present Price

# $1750.

F.O.B. Calgary, Alberta

you save $300 by repeal of duty from U. S. A.

## GOVERNMENT TO DEAL FIRMLY IN QUEBEC TROUBLE

The government is preparing to deal firmly with the opposition which has developed in Quebec city to the enforcement of the Military Service Act. Steps are being taken to prevent a repetition of the riots and to deal with the offenders. Col. H. A. Machin, director of the military service council left yesterday afternoon for Quebec city to investigate the situation, and to take charge of the situation. The militia will be held in readiness to suppress any further riots. Col. Machin will likely make a report to the government on the situation.

The action of the young men of Quebec in rioting at the time when the whole fate of civilization is at stake and when the future of France hangs in the balance has roused deep feeling and resentment through English speaking Canada, judging by the wires which are reaching the capital. The matter is certain to come up in the house when it re-assembles next week, and a demand will be made upon the government for a rigid enforcement of the act.

So far in the whole of the Quebec military district, thanks to a general conspiracy on the part of the tribunal judges and every one connected with te enforcement of the act, only 586 men have been secured for the colors as practically every French-Canadian who applied for exemption was granted it. Only 764 were called out and there are 770 deserters. The military authorities report thousands of cases but the provincial appeal courts has been almost as liberal in its exemptions as the tribunals. A case has been reported to Ottawa which reveals the attitude of mind of Quebec. In one good-sized town recently in rural Quebec, a meeting was held in the town hall when an address was presented to the Lord Bishop and notary who comprised the tribunal, praising them for having exempted every man in town. To show their appreciation, the citizens presented each of them with a traveling bag.

### QUEBEC RIOTS

QUEBEC, April 3.—Fighting between the rioting element in Quebec and the military forces here continued last night. After midnight the firing died down to a great extent, but men on house tops sniped the soldiers for hours.

All Monday night Quebec resounded with the tread of marching men and the hoarse commands of the officers. The guards placed on the public buildings and in the area where fighting took place was maintained all night.

It was hoped by the military authorities that, now that it has been demonstrated that no more breaches of the law will be tolerated, the orderly factions will remain quiet.

In the rioting Monday night three civilians were killed, two soldiers and four citizens wounded and one hundred placed under arrest.

### GREENSHIELDS

Miss B. N. Simpson of Edmonton is spending her Easter vacation with Miss Gladys White.

Mr. Lee Wells is on the sick list this week.

Mrs. F. Fountain and daughter Francis arrived here from Calgary on Good Friday.

Mrs. I. Goodyard visited Edmonton for a few days last week.

Mrs. I. Stouffer and Miss Minnie White were appointed delegates to the girls convention to be held in Edmonton next week.

Mr. Ross Valleau is very ill at present.

FOR SALE—Marquis seed wheat grown on breaking, free from weeds, Apply J. A. White S. E. quarter 36-44-6 Greenshields.

### SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

The sole head of a family, or any male over 18 years, who was at the commencement of the present war, and has since continued to be, a British subject or a subject of an allied or neutral country, may homestead a quarter section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Duties—Six months residence upon and cultivation of land in each of three years.

In certain districts a homesteader may secure an adjoining quarter-section as pre-emption. Price $3.00 per acre. Duties—Reside six months in each of three years after earning homestead patent and cultivate 50 acres extra. May obtain pre-emption patent as soon as homestead patent on certain conditions.

A settler after obtaining homestead patent, if he cannot secure a pre-emption, may take a purchased homestead in certain districts. Price $3.00 per acre. Must reside six months in each of three years, cultivate 50 acres and erect a house worth $300.00.

Holders of entries may count time of employment as farm labourers in Canada during 1917, as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honourably discharged, receive one day priority in applying for entry at local Agent's Office (but not Sub-Agency). Discharge papers must be presented to Agent.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this

"THE QUALITY STORE" WAINWRIGHT ALTA,

### CALL CLASS "B"

Ottawa, Mar. 29.—Responding to a demand from the military authorities, the military service council has decided to call up for service men in medical category, (b) under the military service law. Category (b) men are liable for overseas but not for combatant service. They are being called out because of the necessity of securing more men for railway construction and similar work. The memorandum follows:

"A military demand for men for railway construction and other similar work has risen and it has therefore become necessary to draft all men in medical category (b) in respect of whom no other grounds for exemption exist.

"The Military Service council is therefore issuing instructions to registrars to take immediate steps to call up such men.

"Under the procedure heretofore adopted questions arising in regard to the exemption of men in medical category (b) on other grounds were postponed until men in the same medical category should be called up and these men as well as their employers and relatives will therefore be given an opportunity of presenting claims for their exemption."

# TIRED, NERVOUS HOUSEWIFE TOOK VINOL

**Now She is Strong and Well**

Berkeley, Cal.—"I was nervous, irritable, no appetite, could not sleep, and was always tired, so my housework was a great effort. After many other medicines had failed Vinol built me up and made me strong. I have a good appetite and sleep well. Every nervous, weak, ailing woman should try it."—Mrs. N. Edmunds, 2107 Dwight Way, Berkeley, Cal.

We ask every nervous, weak, rundown, ailing woman in this town to try this cod liver and iron tonic on our guarantee to return their money if it fails to help them.

## Now Raised to Veal Age

**Livestock Branch States Policy on Slaughtering of Young Animals**

The livestock branch of the department of agriculture has expressed the opinion that "any action taken arbitrarily to prohibit the slaughter of calves or females or to limit the market for Canadian cattle through restrictions upon exports or otherwise would be absolutely unwise." Under present conditions the farmer reaps a profit from the feeding of calves to veal age, while previous to the war such calves were killed as soon as born. Such prohibition as that proposed would, therefore, cause a return of the prewar practice, resulting in a very considerable waste of food.

Minard's Liniment for Sale Everywhere.

**Stamp Out Trade With Enemy**

Through control of the nation's foreign trade, made effective by the president's proclamation requiring licenses for all imports and exports, the U. S. war trade board plans to stamp out completely all trading with firms of pro-enemy character which are furnishing information, smuggling supplies, providing credits or hoarding for post-war purposes in order to give aid and comfort to Germany.

## CONSTIPATED CHILDREN

Nothing will so quickly remove childhood constipation as will Baby's Own Tablets. They are a mild but thorough laxative; are pleasant to take; do not gripe and never fail to regulate the stomach and bowels. Concerning them Mrs. Adolphe Noel, Petite Lameque, Que., says:—"Baby's Own Tablets are the best remedy for constipation I know of and I would strongly recommend them to all mothers of little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Although Harry Tate can be as witty off the stage as on it, at least one occasion is recorded of how he met his match. Seeing a number of small boys busily engaged in asking one another riddles, Mr. Tate thought he would give them a poser. Going up to one of the lads he asked, "What time is it when a clock strikes thirteen?"

"Time it was taken to the clockmaker's to be mended," answered the urchin promptly.—Tit-Bits.

THE SPRING DRIVE

Our boys are going "Over the top" and into "No man's land" this spring. No one has any doubt of their ability to get there. There will also be a spring drive on this side of the ocean, because March is the year's "blue Monday." It is the most fatal month of the year. March and April is a time when resistance usually is at lowest ebb. It is a trying season for the "run-down" man. But medical science steps in, and says, "it need not be"! We should cultivate a love of health, a sense of responsibility for the care of our bodies. Do not allow the machinery of the body to clog. Put the stomach and liver in proper condition. Take Dr. Pierce's Golden Medical Discovery, to be had at most drug stores in tablet or liquid form, tablets fifty cents a vial, composed of native herbs. This puts the stomach and liver in proper condition. You may be plodding along, no spring, no elasticity, no vim, but as soon as you have put the body into its normal physical condition—oiled the machinery, as it were—you will find new vim, vigor and vitality within you. A little "pep," and we laugh and live. Try it now. Send Dr. Pierce, Invalids' Hotel, Buffalo, N.Y., or branch office, Bridgeburg, Ont., 10c. for trial pkg. The prime necessity of life is health. With spirit and energy you have the power to force yourself into action. The Golden Medical Discovery is the spring tonic which you need.

## What Women Want to Know

**Some Queries and Answers Regarding Conservation of Food**

Harassed. But you won't be by the time you get the "Soldiers of the Soil" at work. Did you know that the Canada food board is enrolling 25,000 school boys between the ages of 15 and 19 to help on the farms this year? The drive to enlist this battalion of youthful soldiers begins shortly and they should prove of immense help to the farmer and his wife. There is no doubt that there will also be a large number of girls on the farm this year who will assist both in farmhouse and field. These two classes will help greatly to lighten the burden sustained by the farmer's wife and they will solve in some measure the problem of labor shortage.

Mrs. R.E.L. Again the rationing question! As has been pointed out a number of times, the chairman of the Canada food board is opposed to compulsory rationing. He argues that it would take such a tremendous amount of machinery to enforce it uniformly all over the Dominion that the game would not be worth the candle. The same amount of energy required for this purpose, if used to increase food production, would be infinitely more effective. At the same time a leaflet has been issued by the Canada food board entitled "One Week's Budget," which gives an excellent basis for voluntary rationing and those who are calling out for compulsory rationing would be well advised to write for this and to follow it implicitly if they are really anxious to help.

**Rely on North America**

Lord Rhondda says: "The allied larder is dangerously empty but we are carrying on in the resolute belief that we can rely on the people of North America to prevent our food supplies from becoming so diminished as to imperial the issue for which we are all fighting."

## Speak of Them In the Highest Terms

**WHY MR. AND MRS. WEST RECOMMEND DODD'S KIDNEY PILLS**

**They Cured Mr. West's Lumbago and Made Mrs. West Feel Like a New Person. They Are the Best Tonic.**

St. James, Man. (Special).—That Dodd's Kidney Pills are living up to their great reputation in the West is twice proved by Mr. and Mrs. G. West, well known and highly respected residents of this place. Let Mrs. West tell the story of what the great Canadian kidney remedy has done for her husband and herself.

"My husband suffered from attacks of lumbago," she states, "and the doctor did him no good, but I can truthfully say that since using Dodd's Kidney Pills he is entirely free from lumbago.

"I myself took six boxes of Dodd's Kidney Pills and am just like a new person. I have gained 10 lbs. since using them and my friends compliment me on how well I look.

"I have recommended Dodd's Kidney Pills to some of my lady friends who were complaining of not feeling well, and they, like myself, speak highly of them."

Dodd's Kidney Pills cure the kidneys. Cured kidneys make pure blood. That is why Dodd's Kidney Pills are the best tonic.

Three thousand women are now employed on the G. E. railway of England.

Minard's Liniment Cures Burns, etc.

## German Sword Saves Kaiser

**"Our Best Protection," He Says to a Shipping Chief**

In reply to congratulations from Philip Heinken, director of the North German Lloyd Steamship Line, Emperor William has sent the following telegram:

"The German sword is our best protection. With God's help it will also bring us peace in the west, and, indeed, the peace which, after much distress and many troubles, the German people need for a happy future."

The emperor detailed his gratitude at greater length in a message to the vice-president of the Reichstag, saying:

"The complete victory fills me with gratitude. It permits us to live again one of those great moments in which we can reverently admire God's hand in history. What turn events have taken is by the disposition of God.

"The heroic deeds of our troops, the successes of our great generals and the wonderful achievements of those at home have their roots in moral forces and in the categorical imperative which has been inculcated in our people in a hard school. They will carry us through in a decisive and final battle to victory.

"In the great tasks upon which the conclusion of peace, reconstruction and the healing of the wounds of war will set us, I desire my people to rely on the old historical experience that unity means strength. May our people face the new time and its tasks with a strong sense of the realities, with unbending faith in itself and its mission, and with strong, patriotic and proud joy in the fatherland, bound to me and my house by old and proved bonds of mutual trust.

"I do not doubt that a rich, strong and happy people will arise out of the storms and sacrifices of this time."

A son has been born to Empress Zita of Austria at Baden-Baden.

## Royal Milliners

**Royalty and Society Women Who are Experts With Their Needles**

It has long been a well-known fact that Queen Mary has often trimmed her own hats, as also has Queen Maude of Norway.

Princess Patricia of Connaught, too, is a clever milliner, and her sister, the Crown Princess of Sweden, has often looked charming in hats which she has trimmed herself.

There are many society women who are experts with their needles, and who can turn an ugly "shape" into a beautiful "creation." One of these is Lady Cheylesmore, and she has several times won prizes at hat-trimming competitions.

Lady Maitland, too, is a clever milliner, and she once organized a sale of hats, every one made or trimmed by her own hands. Lady Hervey-Bathurst has trimmed many pretty hats, and before her marriage she had a millinery shop in Sloans Square. Mrs. Arthur Weigall is another society woman who would make a small fortune as a milliner.—Tit-Bits.

## No Girl Need Have A Blotched Face

Whether it be in capturing the heart of man, or making her way through the world by the toil of her hands, a charming and pretty face gives any girl a big advantage. Poor complexion and rough, sallow skin are caused by blood disorders. The cure is simple. Just use Dr. Hamilton's Pills—a reliable family remedy that has for years been the foremost blood remedy in America. That soft glow will return to the cheeks, the eyes will brighten, appetite will improve, strength and endurance will come because sound health has been established. Get a 25c box of Dr. Hamilton's Pills today. Sold everywhere.

## Germany's Schemes Of World Conquest

**Lord Robert Cecil Outlines Teutonic Accomplishments in East**

Pointing out the seriousness of the German menace in Siberia and in Southern Asia, urging Japanese intervention, and insisting that the German people afford no hope of rising against their imperialistic masters, Lord Robert Cecil, minister of blockade, pointed out in a statement to the Associated Press what had already been accomplished by the Germans in the east. Spreading a large map on the table, Lord Robert said:

"Look at what Germany has already done toward a scheme of world conquest. On the north she has taken rich Baltic provinces, over which she purposes to install a German prince. She sent troops to Finland and concluded an agreement which puts the whole foreign policy of Finland at her disposal. These steps in the north have practically cut off Russia from access to the sea.

"Looking further south, we find that Germany is in the course of occupying Odessa, the greatest Black Sea port, and that she has insisted that Russia cede to Turkey all ports at the east end of the Black Sea. Her evident design is to substitute for the Berlin to Bagdad railroad, a new avenue to the east by trans-Caucasia and northern Persia. In the execution of this design Germany, moreover, has had, consciously or unconsciously, the assistance and co-operation of the Bolsheviki.

"Look at the plight of Armenia. Both Great Britain and America have always taken a deep interest and sympathy in this unhappy people. Armenian refugees who fled into Trans-Caucasia are now, under the Russo-German treaty, to be handed back to the Turks.

"You have only to look at the map to see what a tremendous scheme of conquest Germany has undertaken. Having been thwarted in her plan to conquer France, this is the second string to her bow, and for the moment the whole German people seem to be backing the new imperialistic scheme. The military control of Germany is paramount and unshaken. German democracy is docile and servile. The allies must adopt every means in their power to frustrate Germany's designs in the east."

**A Pill for Brain Workers.**—The man who works with his brains is more liable to derangement of the digestive system than the man who works with his hands, because the one calls upon his nervous energy while the other applies only his muscular strength. Brain fag begets irregularities of the stomach and liver, and the best remedy that can be used is Parmelee's Vegetable Pills. They are specially compounded for such cases and all those who use them can certify to their superior power.

**A Grand Advantage**

One of the great advantages of a prohibitory law, even if the toper is able to find some leaks therein, is that it causes the younger generation to be brought up without knowing the taste of liquor, and consequently not having a desire for it.—Brantford Expositor.

"Charley, dear," said young Mrs. Torkins, "that young man in the bureau of information wouldn't answer a single question I asked him this morning."

"Whaddidgy ask him?"

"I asked him how long the government will operate the railroads, and whether trains will run any faster and fares be any cheaper. All he would say was that he didn't know. I believe that young man is being censored."—Washington Post.

## CUTICURA HEALS SORE HANDS

That itch, burn, crack, chap, and bleed, in a wonderfully short time in most cases. Soak the hands on retiring in a hot suds of Cuticura Soap, using plenty of the Soap. Dry and rub Cuticura Ointment gently but freely into the hands for some time. Wear old gloves or softer bandages during night or remove surplus Ointment with soft tissue paper as preferred.

**Free Sample Each by Mail**

For free sample each address post-card: "Cuticura, Dept. N, Boston, U. S. A." Sold by dealers throughout the world.

## Darwin on Immortality

Believing as I do that man in the distant future will be a far more perfect creature than he now is, it is an intolerable thought that he and all other sentient beings are doomed to complete annihilation after such long continued slow progress. To those who fully admit the immortality of the human soul, the destruction of our world will not appear so dreadful.—Darwin.

**Large Check for Car of Oats**

A farmer of Carsland, Alberta, has just received a check for $2,429.30 the net proceeds on a car of oats shipped by him to Winnipeg. This is believed to be the largest sum ever realized on a single car of oats. The car contained 2,600 bushels, the contents grading No. 2, and was sold for seed.

**The Oil for the Farmer.**—A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with cold and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

**Clergy Promise Support**

The clergy of all denominations in Canada are promising to do everything in their power to promote the work of food conservation and production. In a number of cases the bishops are sending out pastoral letters to their clergy. Archbishop Matheson, Primate of Canada, has promised his fullest support to the Canada food board.

## A Stupendous Decision

**Women Can Become the Dominant Political Power of the Future**

Commenting on the granting of the franchise to 6,000,000 women in the British Isles, the Edinburgh Scotsman says: "It is a stupendous decision. It assuredly would not have been taken but for the demonstration of women's capabilities which the war has brought. No one four years ago foresaw how powerfully the fabric of our national life could be buttressed by women's work. That element is everywhere today; it has disclosed reserves of national strength that imply permanent developments; its relation to organized labor in its old form, is one of the problems of the reconstruction period." Woman, if she asserts herself, can become the dominant political power of the future.

"Listen to this, Maria," said Mr. Stubbs as he unfolded his scientific paper. "This article states that in some of the old Roman prisons that have been unearthed they found the petrified remains of the prisoners."

"Gracious John," exclaimed Mrs. Stubbs, with a smile, "them's what they call hardened criminals, I expect."

## Lay 42 Miles of Track

**Canadian Railway Troops Busy in France**

A summary of the work done by all battalions of the Canadian railway troops in France during the month of January has been issued by the militia department. The statement shows that during that period nine miles of broad-gauge track were laid by the Canadians and 33 miles of narrow gauge. The average number of miles of broad-gauge track maintained during the month was 49, while 141 miles of the narrow-gauge track was maintained. The men were employed in locating, grading, ballasting and laying lines. About 6,100 Canadians were engaged on the narrow-gauge lines and 1,100 on the broad-gauge lines.

Corns and warts disappear when treated with Holloway's Corn Cure without leaving a scar.

Inquirer (at railway station)—Where does this train go?

Brakeman — This train goes to New York in ten minutes.

Inquirer—Goodness! That's going some!—Christian Register.

## Manitoba Farm Loans

**Valuable in Connection With Greater Production on the Land**

From its inception on May 1st, 1917, to December 31st of the same year, the Manitoba Farm Loans Association, lent to farmers of the province $619,500 at six per cent. Additional loans aggregating one million dollars had also been authorized. The low rate of interest, together with the easy terms of repayment, in equal sums extending over thirty years, make these loans a boon to farmers, and there are already indications that the service rendered is very valuable in connection with greater production on the land. Many farmers have been enabled to increase their acreage prepared for crop this year, others have acquired cattle and many who were renting have been placed in a position to purchase their farms.

Minard's Liniment Co., Limited.

Gentlemen,—I had my leg badly hurt, the pain was very severe and a large swelling came above the knee. I expected it would be serious—I rubbed it with MINARD'S LINIMENT, which stopped the pain and reduced the swelling very quickly. I cannot speak too highly of MINARD'S LINIMENT.

AMOS T. SMITH.

Port Hood Island.

**Must Have Help**

Sir William Goode, secretary of the British ministry of food, says: "Few people have yet grasped the fundamental fact that Great Britain still relies on the United States and Canada for sixty-five per cent. of her essential foodstuffs. Unless we can get this food, or nearly all of it, we shall peter out."

# You can now get all my medicines at the Drug Store

AFTER the publication of his Receipt Book Dr. Chase found himself overwhelmed with the demand for his services and his medicines. Not only did patients come from many miles to throng his office, but the mails were filled with letters ordering medicines.

Rather than disappoint his patients and admirers, and always anxious to relieve suffering, the doctor decided to give to the people the great prescriptions which had been so thoroughly tested and so remarkably successful in his private practice.

And so it came that Dr. Chase's Medicines were placed on public sale at nominal prices. To-day you can scarcely find a drug store that is not stocked with a full line of these medicines, and that home is the exception where there is not one or more of them in use.

Like most articles of exceptional merit and large sales Dr. Chase's Medicines are widely imitated, and substitutes are frequently offered in their place. On this account it is very important that you should see the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, on the box you buy. They are printed on every box for your protection, and imitators do not dare to use them.

Dr. A. W. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, 5 boxes for $1.00.
Dr. A. W. Chase's Nerve Food (Pills), 50 cents a box, 6 boxes for $2.75.
Dr. A. W. Chase's Ointment, 60 cents a box.
Dr. A. W. Chase's Catarrh Powder, 25 cents a box, blower free, 5 boxes for $1.00.
Dr. A. W. Chase's Syrup of Linseed and Turpentine, 25 cents a bottle. Family size, three times as much, 60 cents.
Dr. A. W. Chase's Liver Cure, $1.00.
Dr. A. W. Chase's Backache Plaster, 25 cents each, 5 for $1.00.
All dealers or Edmanson, Bates & Co., Limited, Toronto.

## LOCAL

N. R. Wilcox left for Warren, Mont. to visit his daughter.

Born—To Mr. and Mrs. C. J. Knudson, of Irma at the Mitchell Hospital on Tuesday, April 2nd. a son.

"Shorty" Nevin, of Edmonton, formerly of this town was renewing acquaintances about town last week. During his stay, he was receiving congratulations on the arrival of a young "Jewess."

Mr. and Mrs. Samuel Cook, who has been spending the winter months in Los Angeles, Calif. are spending a few days in Vancouver before returning to their home in Wainwright.

Bud Simmerman, local agent for McLaughlin automobiles received a carload of cars last week direct from the factory. In this shipment were four 60 H. P. cars and one D. 35 model.

Over 1000 pair of shoes just placed in stock the best at the price. Fraser & Co. —a.

Late reports regarding Mrs. E. Carbert who successfully underwent an operation at Rochester some ten days ago are to the effect that she is now out of all danger and is speedily regaining her strength.

C. R. Morrison, proprietor of the Wainwright Star, paid an official visit to town between trains yesterday.

Sergt. Burbeck of the Medical Corps, spent Easter with the Limpert family and returned to his battalion on Monday.

Among the teachers attending the convention at Edmonton this week from Wainwright and surrounding district are: Principal Brodie; Vice-Principal Miss Mc Allister; Misses Jonasons, Miss Parsons, Miss McLean; Miss Reid, Mayfield and others.

### KEEP A PIG

It will help keep you, or pay for a Victory Bond.

During the summer of 1917, a number of conferences were held at various points in Canada for the purpose of discussing increased bacon production. Farmers and breeders were everywhere urged to keep and breed extra sows. As a result, the Live Stock Commissioner reports that we may confidently expect the number of hogs to be increased by 25 to 30 per cent during 1918. The first step towards an increase in our bacon supply has thus already been taken.

The next step is to see that these extra pigs are fed and fattened. The feed situation is acute. Many farmers who have been able to breed and winter an extra sow or two will not be in a position to feed to a proper finish all of the extra pigs. There are numerous householders in Canada who could help relieve this situation by keeping one or two pigs, which could be bought at weaning time, fed during the summer largely upon the garden and kitchen refuse, and finished off in the fall upon an increased meal ration.

There are thousands of people around towns and villages and in small settlements who could, and should, help in this way. It is past the time for 'doing your bit;' it is now time to 'do your utmost.' Do not allow kitchen refuse, or garden weeds and waste to go unused. Feed them to a pig. A properly cared-for pig is not a menace to public health. What you do in this matter may mean life or death to somebody 'over there.' Decide now annd begin to get a place ready to **Keep A Pig.**

Modern Glasses are Becoming

They frequently add to, instead of detract from facial expression. This is due to the expertness with which our glasses are fitted.

Perfect fitting with us is a hobby—an indication of modernness.

# Do You Know that Lumber Prices

are lower in comparison than any other commodity. So DON'T put off building on account of hight PRICES. They will not be lower for a few years yet and the tendency is that they go higher in the near future.

We bought a large stock last fall, it is properly piled and seasoned and will be in the best condition to use this spring and summer. We INVITE you to look over our stock, we have everything you need to build with; and our PRICES are the very lowest.....

**POSTS**

We have several carloads of split cedar. Large round Cedar and GREEN TAMARACK POSTS and POLES. Can be used for RURAL 'PHONE LINES, FLAG POLES; CORRAL FENCES and STRAW SHELTERS, or any other purpose where strength and economy is required.

**COAL**

We will carry this summer a large stock of STEAM and DOMESTIC Coal. When you need a load.....
